

Artifact Investigation

Student Partner Names:

Archaeological Questions	Our Answers
What is it made of?	
The artifact was part of a larger object. How big would the complete object have been?	
Do you have something like this in your home? If so, what does your family do with it?	
How do you think this object was used?	
Do you think it would be used daily? Just special occasions?	
Can you tell where it was made? If not, any guesses?	
Do you think it was expensive? Why or why not?	
After answering all these questions, can you tell anything about the people who once used it?
